

A 3D perspective view of a complex, multi-layered structure, possibly a biological specimen or a mechanical part. The structure is shown in a cross-section view, revealing internal layers and a central cavity. The base is green, and the top surface is grey. Numerous numerical labels (600, 610, 620, 630, 640, 650, 660) are placed around the structure, indicating different regions or measurements. The labels are connected to the structure by thin black lines. The structure has a central cavity and several smaller cavities or indentations. The layers are colored in shades of grey and white, with some areas highlighted in green. The overall shape is elongated and somewhat irregular, with a complex internal structure.
